How to Register for Retreats

There are four different ways to register for a summer retreat.

All four ways are simple and easy:

1. Phone. If you have questions or need advice, our registrar can assist you in choosing the correct retreat(s) for you. Best to have a printout of the retreats list handy when you call.

Questions? Call **888-750-1773**

Note: It's safe to leave credit card information on our answering machine.

2. Email your registration and \$150. deposit for each retreat (or to buy products):
info@healingtaoretreats.com

3. Internet. Register online on this site. Just go to the "retreats descriptions" button and click on the code number in the left column (example: DM-0402). A special "retreat shopping cart" form will appear for registration.

Add as many retreats to the shopping cart as you like. You can only take one retreat per week (no jumping around between retreats).

You can CHANGE YOUR CHOICE OF RETREAT at any time prior to this summer WITHOUT PENALTY. (please notify us 30 days in advance, but later changes are permitted, if there is space available. The instructor must agree to accept someone if retreat has already begun.)

Online registration will only charge you a \$150. deposit per retreat. The balance must be paid by credit card, mailed check, bank wire or cash. Please read our Cancellation Policy and the conditions under which your deposit could be forfeited.

Please DO NOT DOUBLE-CLICK the final SUBMIT button, you may get charged twice. Be patient and wait for confirmation. If you don't get it, call or email us and let us know what happened.

4. Postal Mail. Mail your deposit, payable to "Healing Tao USA", to this office address:

Healing Tao USA
4 Bostic Place
Asheville, NC 28803

Don't worry about filling out the registration form wrong using any of the above 4 methods. When you register in person at the retreat, we will double check to make sure you have taken all discounts possible and that you get the lowest price possible.

Last minute registrations on retreats are accepted. We usually find space for late signups, but please call as early as possible. It is also very common for people to decide at the last minute to stay on for extra retreats. Many people decide to stay once they "wake up" and start to feel the amazing chi flow in their body.

You save money by registering for more than one retreat in advance (See Multiple Tuition discounts in Tuition section).
